

Serial No. 10/679,856

Attorney Docket No. SF/0021.06 C01

REMARKS/ARGUMENTS

Claims 53 through 64 remain in this application. Claims 1 through 52 have been canceled without prejudice or disclaimer, and claims 53 through 64 have been added.

The previous amendment, namely Preliminary Amendment of October 6, 2006, improperly presented new claims 1 through 18, and failed to cancel original claims 1 through 52. In addition, Examiner Tran called Applicant's representative on December 8, 2005, to inform Applicant's representative that claims 53 through 64 and claims 65 through 70 are directed to different inventions. At that time, Applicant's representative elected claims 53 through 64 without traverse.

This amendment is respectfully submitted to replace the Preliminary Amendment of October 6, 2006. Accordingly, claims 1 through 52 are hereby canceled, new claims 53 through 64 are hereby added, and claims 65 through 70 are not submitted.

CONCLUSION

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. Also, no amendment made was for the purpose of narrowing the scope of any claim, unless Applicants have argued herein that such amendment was made to distinguish over a particular reference or combination of references.
